Frontend Development: HTML/CSS, Tailwind CSS, JavaScript, React, TypeScript
Backend Development: Node.js, Express.js, MongoDB, MySQL
Programming: C, Java **C++**, Data Structures & Algorithms (DSA)
Tools & IDEs: Git/GitHub, VS Code, Figma

ACADEMIC PROJECTS

Online Book Store Applicaton| Frontend | Backend | Live Demo | Code DEC 2025
React | JavaScript | HTML/CSS | Node.js | Express.js | MongoDB

- Developed a full-stack **online bookstore application** using **React, Node.js, Express.js,** and **MongoDB**.
- Implemented secure **JWT-based user authentication** with Sign Up and Login functionality.
- Built features for **browsing,** and managing books with real-time data updates.
- Designed a responsive and modern user interface using **Tailwind CSS** for seamless experience across devices.
- Integrated **shopping cart functionality** and connected frontend with backend APIs using **Axios**.

Movie Recommender App | ML Project | Live Demo | Code MAR 2026
Steamlit | Python | Pandas | Numpy

- Developed a **content-based Movie Recommender System** using **Python** and **Streamlit** to suggest movies based on similarity scores.
- Implemented **cosine similarity** with movie metadata and tags to generate personalized movie recommendations.
- Integrated the **TMDB API** to display movie posters, ratings, and detailed movie information dynamically.
- Added advanced filtering options including **genre, release year,** and **rating** for improved user experience.
- Optimized application performance using **caching techniques** and designed a fully responsive UI with **dark/light theme toggle**.

EXPERIENCE

Shikom Internship Pvt. Ltd., : Frontend Developer Intern Dec 2025 – Jan 2026
HTML | CSS | JavaScript | Tailwind CSS
Karan Pest Control

- Contributed to the development of the official business website for pest control services with responsive and user-friendly UI design.
- Designed modern layouts and optimized frontend components to improve accessibility and cross-device compatibility.
- Implemented interactive sections, service pages, and contact forms to enhance customer engagement and lead generation.
- Improved website performance and visual consistency through reusable styling and optimized frontend structure.

ACHIEVEMENTS

- **Google Cloud Arcade Program 2025** – Completed basic cloud computing labs and skill challenges using **Google Cloud Skills Boost** and earned rewards from **Google**.
- Secured **8th rank** in CodeNexus organised by the NIT Jamshedpur
- Achieved by solving **300+** problems
- Earned **5-star gold badge** on HackerRank in Problem Solving, C++, Java, and SQL
